RESIDENCE FOR THE TREATMENT
OF EATING DISORDERS
Accredited with the National Health Service

*Un giorno tu ti sveglierai
e vedrai una bella giornata.
Ci sarà il sole e tutto sarà nuovo,
cambiato, limpido.
Quello che prima ti sembrava
impossibile diventerà semplice,
normale.*

F. Dostoevskij

THE NURSING HOME

It is located in the former Convent of the Friars of Montelatere, an old three-storey building surrounded by greenery. The nursing home is managed by a consortium of cooperatives: COOSS, H MUTA, TADAMON.

CARE PATHWAY

High-intensity, integrated and multi-disciplinary. The programme envisages different stages of care from both the psychological and nutritional point of view. Five assisted meals, family therapy, individual therapy. All areas of intervention include individual and group activities.

THE EQUIPE

Nutritionists, psychiatric doctors, psychologists, psychotherapists, dieticians, nutrition biologists, educators, OSS, social workers, nurses and physiotherapists working in a joint team. Global patient care.

ACCESS

The Villa Oasi care residence is accredited with the National Health Service and can accommodate up to 20 people. Access, both for residents in the Marche Region and for those coming from outside, is through referral by the competent health services: centres for the diagnosis and treatment of eating disorders (DCA) with costs borne by the health service.
